The Rio Grande is a spacious three-bedroom, two-bathroom floor plan spread across 1,935 square feet and is one of our most popular choices! The Rio Grande is stylish, functional, and perfect as a starter or forever home. The kitchen includes stainless steel appliances with a large island and a double-door pantry for tons of storage, while the master bath has dual vanity sinks, a private water closet, a spacious master closet, and a luxurious walk-in shower with seating. Plan variations include a walk-in shower or a separate garden tub in the master bath, a study in place of the dining room off the entryway, and an outdoor fireplace on the covered porch.
