The Alamo floor plan offers a versatile and functional layout across 1,580 square feet. This three-bedroom, two-bath home comes with a study and is ideal for young professionals, families, or downsizers! This plan features an open-concept living area, breakfast, and kitchen with plenty of natural light to complement the space, making it perfect for entertaining. The kitchen includes stainless steel appliances with a large island that provides additional seating, storage, and cabinet space, while the primary bath has dual vanity sinks and a spacious closet. Plan variations include a fourth bedroom in place of the study.
